BACKCOUNTRY HUNTING LOGISTICS

Combo Pricing

COMBO PRICING IS DEPENDANT UPON THE SPECIES BEING ADDED. COMBO PRICES ARE AVAILABLE UPON REQUEST.

Preference Point Pricing

Backcountry Hunting Logistics offers a preference point program to take the headache out of your hands. We are the experts and have a system for making sure things are taken care of and you build your points for your dream hunts. You will receive annual updates and notices of application requirements and due dates. We provide you with two options:

- 1) **PREFERENCE POINT HUNT PROGRAM:** If you enroll with our preference point hunt program for one of our fully guided hunts, we will discount 100% of the costs for the points off of the hunt. For example, if enrolled and you spend 10 years purchasing elk points prior to drawing and burning your points, you will receive a \$520 discount off the price of your fully guided hunt. If you begin applying for a youth at the youth rate, and they draw as an adult, you receive the adult rate for all points!
- 2) **PREFERENCE POINT ONLY PROGRAM:** If you enroll with the preference point only program, we will charge you \$10 per point on top of the Wyoming Game and Fish Fees.

Wyoming game and fish now charges a non-refundable 2.5% credit card transaction fee on all purchases. This will be in addition to all costs stated.

*Preference point or other discounts for a cannot exceed 15% per hunt. Discounts apply only to those points purchased through the BHL POINT HUNT PROGRAM.
