Alien Hallway is a brand new action packed strategy shooting game for PC, developed by the creators of the Alien Shooter series, Sigma Team. Here at Sigma, you will have to take control of the alien troops and destroy everything that gets in your way. In Alien Hallway, you will also play as one of the many alien invaders summoned by Sigma to Earth. Unlike your comrades, you are not going to kill people, you only need to get to your hosts in an alien base. After several years of development, Sigma Team created their first free game project in which you will control alien troops.
