Inspired by the classic shoot 'em up classics of the 1980's, Earth is under attack from the hostile forces from Venus! Squadron 69 has been relocated on the Moon and only the last line of defense is left on Earth. In this scenario, a person plays as a member of a special squad who is only capable of flying a single tank of the Navy, nicknamed "Tankorama". RESPONSIVE GAME PLAY: TANKORAMA is a responsive arcade shooter with modern graphics. The graphics are specially optimized for modern tablets and mobile devices with adjustable units. Since it is so responsive the game is already optimized for Tablet browsing and is playable on all touch screen devices. You can freely pinch and stretch the game surface as you wish on mobile devices and all tablet devices. TANKORAMA has 15 difficulties, PURE-MODE allows you to play the game as you like. (Pure-mode easy mode is included with the game). TANKORAMA is a click based game: The user is able to use the mouse or the Touch Screen and click on the enemies to shoot them. This method of controlling characters works on tablets and all mobile devices. TANKORAMA has a unique Vertical game play mode: To play the game horizontally, use the portrait mode on mobile and tablet devices. No game can do a better job at opening an iPad game to tablets and phones than TANKORAMA. GAME FEATURES: + 20 levels with 5 Chapters each and one unlockable Bonus Level + A challenging course of action with 15 difficulty settings + Exciting Tank Battles with more than 30 enemies and multiple bosses + Gameplay in Single, Online and Co-Op mode + Retro Style Graphics + Support for Smartphones (iPhone, Android) and Tablets (iPad, Android) + Supporting both English and German languages + Optional use of Google Account for saving high score + Variety of weapons to destroy various types of enemies + Fast and fun gameplay + Adaptive Game Difficulty We are an independent development team based in Germany.
