In Pathfinder the city can conquer the world. A few thousand sword-wielding adventurers can bring a nation to its knees. In only a few generations, adventurers have achieved godhood, leaving their mortal foes in tatters. Now, the Tyrant's Grasp Pathfinder Adventure Path (PAP) ends its course. In the final volume, the heroes will finally take on the legendary Whispering Tyrant. But the lich-king has been much more than idle. Why has he devoted so much attention to an isolated border fortress, right when divinity seems to be within his grasp? It is up to the heroes to discover the tyrants secrets and foil his most formidable weapon before he gains the power of a god. This installment contains a major quest featuring a race through a fecund forest between two fierce dungeons, through a barony's embattled holdings, and into the reaches of the Whispering Tyrant's fortress. The heroes must also contend with a new unworldly race of monsters, a trio of powerful magical sisters, a barbarian god of death, and the powerful lich-king himself. The Pathfinder RPG (PFRPG) line launched in 2002, and has seen over 300,000 copies in print. The Tyrant's Grasp (AP6) was previously available in hardcover from Simon & Schuster.
