nero burning rom is an excellent multimedia creation software with many features. with the help of nero burning rom users can burn data to any cd/dvd or blu-ray disc with a minimum quality of 320x240 pixels at a resolution of 640x480 pixels. apart

from this the software also supports data burning to dvds and blu-ray discs at higher resolutions of 720p and 1080i. nero burning rom free software download can be done from the software site. nero vision express is a simple and creative program that walks you through the entire process of

generating dvds, vcds
and svcds. dvd is now
the fastest growing
consumer format ever
and its hardly surprising.
dvd has unquestionably
arrived, with high-
definition video,
surround sound audio
and instant image
control, all in a format
designed to last a
lifetime. nero vision

allows you to burn your files to a disc with a simple click. you can save a lot of time by having the program prepare the disc for you. as long as you have the files you want to burn, you can get started in just a few minutes. using nero vision, you can burn a disc in a matter of minutes, and the process

is very easy to follow. using nero vision, you can use the wizard to quickly burn your files to a disc. the interface is easy to understand, and there are several wizards to help you burn. nero vision can also automatically burn your files to dvds, cds, and blu-ray discs. you can use the wizard to create

discs from virtually any
format, so long as you
have files to burn.
